About Adnan Industries

Most Trusted Electric Fans of Pakistan

Established in 1997, Wahid Fans is the fastest growing company in the realm of fan manufacturing in Pakistan.

State-of-the-art machinery, stringent quality control mechanisms, strict adherence to 'Total Quality Management System' and attention to detail has enabled us to win the status of "Zero Complaint" for all our products.

One of the company's core strength is the highly qualified and experienced personnel who work with us to enable efficient and economical production. Striving for excellence has enabled us to become one of the key players in the country's fan industry. The quality products and eminent performance of Wahid Fans has also earned global reputation and Wahid Fans are being exported in various countries across the globe.

With futuristic approach, Wahid Fans frequently introduces new products with innovative technologies and original new designs. And that is why Wahid Fans is the perfect choice for almost all types of indoor and outdoor places.
